- Winners CapitaLand Crème Awards 2007:
 - 1st Runner up for Citigems Jewellery Design Competition
 - 2nd Runner up for Perlini's Silver Jewellery Design Competition
 - 2nd Runner up for SK Jewellery Design Competition

Stefanie is currently pursuing her Bachelor Degree in Jewellery Design. She took part in the prestigious 2007 Manufacturers Jewellers and Suppliers of America (MJSA) Vision Award Design Competition and was the overall winner for the Student Category.

An MJSA Vision Award is one of the most highly regarded honours a jewellery designer can receive. Stefanie's winning entry, the Geometric ring, came up top and won the judges' hearts. Her design was showcased at MJSA Expo in New York from March 18-20, 2007.

Stefanie has also won several other awards. She recently won three awards at the 2007 Crème Awards. Stefanie's dream is to make jewellery and open up her own store one day.

"The win has encouraged me to strive even harder in my school works. I participated in several Jewellery Design contests and after my win in MJSA Award Design Competition, I feel more confident in my designs now. I challenged myself further to create more challenging pieces. I push myself harder to be as successful as other designers."

Participating in competitions is a great experience for design students because it is a chance to challenge us on the acceptance of our designs by the public. It can also be an encouragement for us to do better."
